## An Efficient Remedy

In all cases of Bronchial and Pulmonary Affections is AYER'S CHERRY PECTORAL. As such it is recognized and prescribed by the medical profession, and in many thousands of families, for the past forty years, it has been regarded as an invaluable household remedy. It is a preparation that only requires to be taken in very small quantities, and a few doses of it administered in the early stages of a cold or cough will effect a speedy cure, and may, very possibly, save life. There is no doubt whatever that

**Ayer's Cherry Pectoral**

Has preserved the lives of great numbers of persons, by arresting the development of Laryngitis, Bronchitis, Pneumonia, and Pulmonary Consumption, and by the cure of those dangerous maladies. It should be kept ready for use in every family where there are children, as it is a medicine far superior to all others in the treatment of Croup, the alleviation of Whooping Cough, and the cure of Colds and Influenza, ailments peculiarly incidental to childhood and youth. Promptitude in dealing with all diseases of this class is of the utmost importance. The loss of a single day may, in many cases, entail fatal consequences. Do not waste precious time in experimenting with medicines of doubtful efficacy, while the remedy is constantly eating a deeper hold, but take at once the specific and most certain to cure.

PREPARED BY  
Dr. J. C. Ayer & Co., Lowell, Mass.

—The will of Commander Hayward, U. S. —General Sheridan was once halted by G. M. Woodward, of Wisconsin, when the latter was a "high private" in the Army of the Potomac and on picket duty. A man on horseback came along and greeted him with the words: "A friend, who goes there?" "A friend," was the reply. "Advance, friend, and give the countersign," said the young private. "I am General Sheridan," said the horseman. Woodward gave him to understand that he didn't care if he was General Sheridan; that he wanted the countersign, and he brought his bayonet close to the General's person and demanded the proper answer. Sheridan smiled, gave it to him, and, as he rode away, turned to remark: "Young man, there's a regiment of infantry coming just behind me. Don't molest 'em."—*Chicago Herald.*

### THE GUARDS AT HOME.

They are Given a Warm Reception on Palm Sunday.

If the Trouble Continues They Will Return in Six Weeks.

The glad news was received from Captain Wells late Saturday evening that the Decatur Guards would return home on Sunday noon from East St. Louis, where they appeared promptly for duty on that memorable night—Friday, April 9th. They were the second company to arrive at the scene, and they were the first company to do duty, being called out by a raging fire at the Louisville and Nashville yards. In the midst of the excitement they marched bravely among the strikers and hoodlums to the scene, led by Capt. Wells who was in his glory fighting the fire and placing his men to protect the property. The boys were kept on the go nearly all that night, without supper, and they had but an hour's sleep. They had to hustle for rations and get no allowance from regimental headquarters until Saturday noon. Since that night of the 9th the company in three reliefs have simply guarded the L. & N. yard, extending a distance of six blocks in length and about a block wide. There was no company, battalion or regimental drill, simply eating, sleeping and picket and guard duty. No strikers or trespassers were allowed in the yards and parties who disobeyed orders to move on were promptly hustled off to the guard house at the point of the bayonet.

#### THE RECEPTION.

Sunday noon the Guards came home on a regular Washburn train, occupying a special coach. As the train moved in to the platform the Guards were heard singing "Marching Through Georgia," and as they filed out of the car Goodman's band played a lively air. The platform was filled from end to end with people, and many stood near the street cars in the yard. There was a glad expression on every countenance and in nearly every heart there was a feeling of pride and thankfulness that the company of young men had bravely done their duty and had returned from the scene of the trouble alive and well. Captain Wells drew his company up in line, when the anxious and happy mothers and wives of the members with many citizens passed along and bade all a cordial welcome home. Soon after the procession formed with Ray Ringland as drum major at the head of the band, and the Guards were escorted to the armory by Major Elwood, members of Dunham Post No. 141 G. A. R., the mayor and members of the council, many ladies and citizens generally. Along the line of march flags were unfurled at the residences of George D. Haworth, James W. Haworth, D. S. Shillabarger, and at other dwellings, while upon the verandahs stood ladies who greeted the militia with bows and waving of handkerchiefs.

The 45 men, all tanned and heavily looking, filed into the armory where the company was promptly dismissed by Sergeant Coladay, and then there was a general personal greeting by the citizens who filled the room. Boxes of cigars were showered upon the Guards by D. A. Maffit, W. W. Foster and others, and after relating fragments of experience at the front to inquiring friends, the soldiers hurried away to warm dinners and the comforts of home. The company may not be called out again.

The companies relieved from duty Sunday morning were Co. B, 5th Reg't, Decatur; Co. K, 8th Reg't, Nashville; Co. C, 5th Reg't, Springfield; Co. H, 8th Reg't, Paris. Those companies called to take their places were from Peoria, Carthage, Dalsavan and Farmington.

The plan of Gen. Vance is to allow four companies that have been on duty to go home and relieve them by four new ones. This rotation will be observed until the whole 4,000 militia force of the state shall have seen service, and the rotation repeated as often as necessary. By this method the men may be kept at East St. Louis only a week or two at a time, the terms of each company only to occur once in five or six weeks, and by the time each company has seen one week's service it is much more than probable that the trouble will have been settled. There are about 4,000 in the state militia, and with the force now in the field it would take six weeks to secure all of them one week's service at that ratio, and this is the plan to be followed. Besides the service the militia will be rendering to the state, the discipline and actual experience will be worth to the men all the trouble and inconvenience they may encounter in a military point of view, being considered by some much more practical than recruitations and encampments. By this rotation the men will be absent from their business and employments only one week in six, and when all the occasion lasts, give them all a real taste of real military life.

SHILOH'S CURE will immediately relieve Croup, Whooping Cough and Bronchitis. Sold by S. M. Irwin and C. F. Shilling, druggists.

The Mascot to-Night.

The celebrated Ben Hur & Monitor Ideal Opera troupe of 30 artists has engaged to-night with "La Mascotte," with Miss (Bonnie) as Bellina. The company comes highly recommended. Prices—20 and 30 cents. To-morrow night "The Mikado" will be given. Said the Bloomington Bulletin:

Having seen "The Mikado," the reporter can say, without exaggeration, this company rivals any other popular price show in the land. If any one could be called the star, it was Mr. E. P. Smith, who played the part of Ko-Ko; however, the roles of Pooch-Bah, Yum-Yum, Pitti-Sing and Pegg-Boo were exceedingly performed. This company will be in town all week, and every one, rich and poor, who takes pleasure in the footlights should not fail to hear these softened notes of art and to see the many comical feats of strength and grace which tend to dissipate sorrow and give pleasure to one's labors.

The Uniform Degree Staff of Old Fellows will leave on Sunday next on a special train for Cairo to attend the anniversary celebration and take part in a big parade.

### A Fire at Midnight.

The home of Frank Gring, a one-story frame dwelling, is in ashes. It was located on the south side of the Springfield road, below the entrance to Oakland Park, and west of the St. Louis branch of the Washburn railway, and was destroyed by fire soon after 12 o'clock last night. The fire was discovered by the engineer and fireman of the Chicago express train from St. Louis, and the train stopped up to let the fireman get off to wake up the family. The fireman then walked to the depot. All of the contents of the house were saved, but the dwelling was consumed. Mr. Gring cannot explain how the house caught fire. Some think it was of incendiary origin. Mr. Gring has been sick for some weeks. The dwelling was worth \$600 to \$800, and was insured with Randolph & Gher in the "Niagara" for \$300; personal property \$100 in same company.

### Assaulted a Woman.

There was a little racket in the kitchen department at the New Deming Hotel this forenoon that will be ventilated in Justice Curtis' court. Charley, the cook, so far forgot himself as to make an assault on Mary Farrell, a woman forty years of age. Mary says she was sitting on a box in the kitchen when Charley came in and without cause threw a cup of water on her; she then hurled a can at him, when Charley came up and knocked her down. A warrant is out for the arrest of the cook.

### The City Election.

It will occur in Decatur to-morrow, the polls opening at 8 a. m. and closing at 7 p. m. Voting places—First Ward, Neptune House; second ward—Council Rooms; third ward—Caldwell's livery stable; fourth ward—County Clerk's office; fifth ward—Elkhardt House. Only aldermen are to be voted for. Possibly several new candidates will be out to-morrow.

### At Rest.

The funeral of the late Mrs. Edward B. Krone took place Sunday afternoon from Stapp's Chapel. The audience room was completely filled by members of the church and sympathizing friends.

The services were deeply impressive, and were conducted by Rev. George Stevens, the pastor, assisted by Rev. Robert H. H. of Kentucky. Music was furnished by Mrs. J. P. Boyd, Miss Ruth Hammer, Will Shillabarger and Sherman McCall.

S. M. Lutz, organist. There was a generous display of beautiful floral offerings. The remains were interred in Greenwood cemetery, in the presence of a large assembly of friends, who heard the last words of promise and hope expressed by the clergyman. ### First Ward.

K. Harwood has yielded to the wishes of a large number of voters in the first ward, and to-day announces as a candidate for alderman. Mr. Harwood has served in the council several terms, and was always a good and efficient alderman. He would do equally as well if elected another term.

E. J. Loomis, who lives four miles northwest of Decatur, met with a serious accident. A colt fell on his leg and sprained his knee very badly. This was nearly three weeks ago. He is still confined to his bed and suffers much pain. To-day a physician was again called out to give him a more thorough examination.

### Second Ward.

Mr. J. W. Butman, who so long represented the fourth ward in the city council, is now a resident and property owner in the second, and in response to the solicitations of his many friends has consented to again make the race for a seat in that body. He was a reliable and active man while in the council, and would be equally so if re-elected.

On the question as to whether it is best to nominate candidates for aldermen in the wards, Mr. Murphy said he was forever opposed to the license system, but was disposed to let the election go by default. There were no nominations made.

### THE OLD PASTOR'S WELCOME.

Two Sermons by Rev. Robert Hiner at the Methodist Church on Sunday.

The Rev. Robert Hiner, of Louisville Kentucky, where he has been the Methodist presiding elder for 11 years, occupied the pulpit at the First M. E. Church Sunday morning and evening, and at both services the large audience room was filled by attentive congregations. The subject at the morning hour was the 14th, 15th and 16th verses of the 4th chapter of Romans, when Rev. Hiner spoke for one hour and thirty minutes. At night the text was the 16th to 18th verses of the 16th chapter of Matthew, the clergyman speaking for one hour and ten minutes.

Both sermons were thoughtful and scholarly efforts, and commanded the closest attention. Rev. Hiner was the pastor of the Decatur church 21 years ago. He is a man of fine appearance, and has a fine voice and excellent delivery.

The personal greetings of the visiting clergyman during his stay in Decatur have been of a cordial character, and it will be with reluctance that he will leave for home to-morrow.

PROF. BLACK will remain in Decatur another week, preaching at the Christian church. He had two big congregations on Sunday, and one confession at the morning service. He will deliver an Easter address next Sabbath at the opera house, when the Knights Templar will attend in a body.

On Sunday morning the Rev. Ezra B. Newcomb, of Fort Dodge, Iowa, occupied the pulpit at the Presbyterian church. His subject was "The Unsearchable Riches of Christ," and was well handled. Rev. N. is a young man, a brother of Mrs. Hiram Cole, and is in charge of a church at Ft. Dodge. Rev. Prestley occupied the pulpit at the evening service.

### About 1800 Converts.

Rev. Thomas Harrison will end his stay in Springfield with a jubilee service to night. He has been conducting a remarkably successful revival for 14 full weeks, and has secured about 1800 conversions.

### Gave Up \$1,000.

Rev. Thomas Harrison recently sent \$1,000 to Bishop Taylor for missionary work in Africa. Thus it will be seen that the "boy preacher" does not board up his money, but does his part toward extending missionary work abroad, while at home he accomplishes more good than all the Sam Joneses in the land put together. He will close his work at Springfield to-night.

Spring is here, and so is an unusually large consignment of fashionable carpets and stylish wall paper at Abel & Locke's establishment. Call there for bargains.

19-44

### Lottaries in Churches Unlawful.

The Charleston Plaindealer says: "Judge Hughes did not forget to instruct the grand jury that a lottery was none the less unlawful because it was carried on at a church festival. This is well. The idea of getting money or other valuables without giving an equivalent is demoralizing, and it is useless to cry out, lustily, when some great wrong is committed, so long as wrong doing is winked at in the beginning."

19-44

### Hand Fair and Festival.

The ladies of Decatur will give a fair and festival at the tabernacle on Thursday and Friday, April 29 and 30, for the benefit of Goodman's band. There are 1,077,802 children of the school-going age in Illinois, of whom 738,787 attend the public schools and 78,184 attend private schools. There are 12,098 public schools in the State, employing 20,619 teachers.

Kanvokers have usually been noted for their gallantry to the sex, and the world would expect to see the entire Democratic party wearing trousers rolled up to the knees and the streets of Louisville hitherto while it denounced one little woman who has been reappointed postmistress. The secret seems to be that several parties who want pants want it—and want it bad.

The Republican Legislature of New Jersey has also adopted resolutions of sympathy with and congratulation to Mr. Gladstone and Mr. Parnell, and the Republican Governor of Minnesota has sent a kindly greeting to both the distinguished leaders on the prospect of the speedy settlement of the Irish difficulty. Six Republican States—Iowa, Ohio, New York, Minnesota, New Jersey and Rhode Island—have thus pronounced in favor of Gladstone, Parnell and Ireland. Next!

A little of something was wanting to increase and render irrevocably permanent the Republican majority in Ohio, and the Morrison-Hewitt Free-trade bill has furnished it. Nine-tenths of the voters in Ohio are in favor of the tariff on wool. The sheep-growers favor it because it insures a better price for their wool, and everybody else favors it because the prosperity of this interest means the prosperity of every other industrial and commercial interest. By placing wool on the free list the free-trade combination have excluded themselves from fellowship, not only with Ohio people generally, but with Ohio Democrats.

How a Strike is Ordered.

New York Evening Post.

The latest phenomenon in the "labor question" is the closing of a silk mill in Patterson employing 1200 hands. A cigar-maker from Albany, holding some sort of position among the Knights of Labor, went down there a few days ago, and insisted on having important changes made in the management of the dye-house. Being denied, he "snapped his fingers" as he passed through the factory, and thereupon every man and boy in it quit work. None of them knew why the cigar-maker snapped his fingers, and they say now it was tyrannical of him to do so, but they quit work all the same. The local assembly has since waited on the proprietor, Mr. Strange, to say it was all a mistake and ask him to take the strikers back; but on ascertaining that the cigar-maker had not been expelled or even censured for snapping his fingers, he refused to do so, and will not reopen the mill as long as his business is at the mercy of wandering cigar-makers. There is a comic side to nearly everything, and the comic side of this is that a body of men who can be made to abandon their means of livelihood on receiving a sign from an unknown man complain bitterly of "the tyranny of capital." In this city the drivers and conductors on the Fourth Avenue Railroad, after having settled all their differences with their own employers, struck again, without knowing why, on having two fingers held up to them by a man who walked along the track. And yet these men are American citizens, and look down on the Russians and Prussians and Italians.

A Good-Bye Party.

Mr. and Mrs. B. B. Rose will soon reside permanently at Englewood, near Chicago. Mr. Rose was for many years general foreman for the Wabash at Decatur, but is now general superintendent of the Nickel Plate railway shops at Stony Island, where he has been on duty for some months. The couple were given a good-bye surprise party Saturday night at their home on East North street, the same being arranged by Mr. Clinton Haug. An abundance of edibles were served. The callers were G. A. Burd, Wm. Deacon, A. Shoemaker, R. L. Perry, W. R. Beckman, Charles McDougal, George Handy, John W. Brown and J. T. Deaton, and their wives; Moedman, C. Haug, Wm. Silbush, M. ### The Situation in East St. Louis.

East St. Louis, Ill., April 18.—The number of cars received in the East St. Louis yards yesterday was considerably in excess of the receipts of the day previous, but the quantity of freight loaded from the city points East was diminished. No dry goods, freight was handled, and though the shortage in receipts resulted in the accumulation on the platforms, nearly all being trucked to the city, there was still not as much freight loaded as there had been the day before. This was due to the increase of business from the East, as the same force of men, with a slight increase in a few yards, were at work. The bridge company had from the road more cars than it had since it was "tied up," and as a result, the yards received the unusual number of cars from the East without being especially crowded.

The new employees are given their dinner in the yards, as none of the East St. Louis hotel proprietors will endanger their own safety and that of their property by housing the men who have gone to work in the yards. The yards are brought to the city or put aboard cars and taken out to the nearest country tavern, where they can eat and sleep in safety until it is time to return to work on another day's work. None of the roads have yet attempted to work night crews in their yards, but such a step will soon be necessitated by the complete resumption of business by the bridge company. The west-bound traffic on the roads. But while the present military protection is about the yards there will not be much difficulty experienced in securing night men. Many of the employees now on duty in the several yards have expressed themselves as willing to join night crews whenever it became necessary to work at night.

At nine o'clock yesterday morning a train consisting of forty-eight loaded cars was brought on the Cairo Short Line, and four train-loads of merchandise were received later in the day. Four trains were made up in the yards and forwarded.

In the Indianapolis & St. Louis yards there were twelve new employees added to the force and several other applicants were refused work. The number of cars moved was in excess of any day during the week.

### There were six trains received in the yards and five trains were dispatched.

### The Ohio & Mississippi, the Chicago & Alton and the Chicago, Burlington & Quincy roads received a total of 450 cars and forwarded about the same number.

Four companies of the Fifth regiment, I. N. G. have been ordered to East St. Louis to relieve an equal number of companies on duty there. The companies are the Farmington, Carthage, Delavan and Peoria companies. Those to be relieved will be designated by Adjutant-General Vance, who is now at East St. Louis.

### The Prospects for Arbitration Not Encouraging.

St. Louis, April 18.—Mr. Hoxie's position in regard to arbitration, as stated in his letter to the citizens' prospects committee, has made the prospects of any good being accomplished by the citizens in that direction very discouraging, to say the least. Mr. N. O. Nelson, a member of the citizens' portion of the proposed arbitration committee, was seen by a reporter yesterday and questioned as to the outlook.

"I have little hopes for a successful arbitration of the difficulty," he said, "especially since the letter from Mr. Hoxie was received."

"Have you received any replies from the notices sent to the railroad directors?"

"We have received replies from two of them."

"Are they at all encouraging?"

"In regard to those replies we have thought it best not to make them public at present, as they might be premature. When we have received replies from the other directors we will hold a meeting of our committee and the arrangement committee, when the replies of the directors will be laid before the latter, and they will then be sent to the citizens' committee. I can say this much, however, that it still does not look promising."

"What do you think of Mr. Hoxie's suggestion of a strike?"

"I am not prepared to say any thing in regard to the resumption of traffic on the Southwestern system. If this were the only point to be gained, and as Mr. Hoxie seems to think, there was nothing but plain sailing before them, then he might be right. But he should remember that the strike is not over yet. This committee on arbitration was not appointed simply to secure the resumption of traffic, but to endeavor to settle the difficulties between the railroads and the strikers for the best interests of both sides. If the railroads will not appoint their portion of the committee, of course it all amounts to nothing."

The resident directors of the Missouri Pacific and Iron Mountain roads to whom the notices were sent were Messrs. R. S. Hayes, R. C. Kerns, R. J. Lackland and Geo. W. Allen. Mr. Nelson did not feel at liberty to state from which two of these replies had been received.

The Bridge and Tunnel Company Resumes Operations.

St. Louis, April 18.—The Bridge and Tunnel Company has taken a brief holiday from the railroad companies affected by the strike in resuming operations. The company acted on the belief that its old employees, all of whom are capable men, would be allowed to return to work when the demands of traffic upon the bridge were such as to make urgent the working of that property. But such was not the case, and when the roads centering in the city began to pile up east-bound car-load freight, and those centering in East St. Louis freight for the western roads, the bridge company was driven into looking for new employees. It has secured them.

WASHINGTON, April 19.—There will be a general scramble in both houses of Congress this week for consideration of measures. Those specially interested in bills that have passed neither house begin to realize that delays are hazardous, and that measures upon which there is likely to be considerable debate, and to which amendments will be suggested, will have poor chance of a speedy passage if they are not considered very soon.

WASHINGTON, April 19.—There will be a general scramble in both houses of Congress this week for consideration of measures. Those specially interested in bills that have passed neither house begin to realize that delays are hazardous, and that measures upon which there is likely to be considerable debate, and to which amendments will be suggested, will have poor chance of a speedy passage if they are not considered very soon.

### THE GUARDS AT HOME.

They are Given a Warm Reception on Palm Sunday.

If the Trouble Continues They Will Return in Six Weeks.

The glad news was received from Captain Wells late Saturday evening that the Deatur Guards would return home on Sunday noon from East St. Louis, where they appeared promptly for duty on that memorable night—Friday, April 9th. They were the second company to arrive at the scene, and they were the first company to do duty, being called out by a raging fire at the Louisville and Nashville yards. In the midst of the excitement they marched bravely among the strikers and hoodlums to the scene, led by Capt. Wells who was in his glory fighting the fire and placing his men to protect the property. The boys were kept on the go nearly all that night, without supper, and they had but an hour's sleep. They had to hustle for rations and got no allowance from regimental headquarters until Saturday noon. Since that night of the 9th the company in three reliefs have simply guarded the L. & N. yard, extending a distance of six blocks in length and about a block wide. There was no company, battalion or regimental drilling, simply eating, sleeping and picket and guard duty. No strikers or trespassers were allowed in the yard and parties who disobeyed orders to move on were promptly hustled off to the guard houses at the point of the bayonet.

TRAVELER. Sunday noon the Guards came home on a regular Washburn train, occupying a special coach. As the train moved in to the platform the Guards were heard singing "Marching Through Georgia," and as they filed out of the car Goodman's band played a lively air. The platform was filled from end to end with people, and many stood near the street cars in the yard. There was a glad expression on every countenance and in nearly every heart there was a feeling of pride and thankfulness that the company of young men had bravely done their duty and had returned from the scene of the trouble alive and well. Captain Wells drew his company up in line, when the anxious and happy mothers and wives of the members with many citizens passed along and bade all a cordial welcome home. Soon after the procession formed with Ray Ringland as drum major at the head of the band, and the Guards were escorted to the armory by Major Elwood, members of Dunham Post No. 141 G. A. R., the mayor and members of the council, many ladies and citizens generally. Along the line of march flags were unfurled at the residences of George D. Haworth, James W. Haworth, D. S. Shellabarger, and at other dwellings, while upon the verandas stood ladies who greeted the militia with bows and waving of handkerchiefs.

The 45 men, all tanned and hearty looking, filed into the armory where the company was promptly dismissed by Sergeant Colladay, and then there was a general personal greeting by the citizens who filled the room. Boxes of cigars were showered upon the Guards by D. A. Mann, W. V. Foster and others, and after relating fragments of experience at the front to inquiring friends, the soldiers hurried away to warm dinners and the comforts of home. The company may not be called out again.

The companies relieved from duty Sunday morning were Co. H, 5th Reg't, Deatur; Co. K, 8th Reg't, Nashville; Co. C, 5th Reg't, Springfield; Co. H, 8th Reg't, Paris. Those companies called to take their places were from Peoria, O'Fallon, Dallas and Farmington. The plan of Gen. Vance is to allow four companies that have been on duty to go home and relieve them by four new ones. This rotation will be observed until the whole 4,000 militia force of the state shall have seen service, and the rotation repeated as often as necessary. By this method the men may be kept at East St. Louis only a week or two at a time, the turns of each company only to occur once in five or six weeks, and by the time each company has seen one week's service it is much more than probable that the trouble will have been settled. There are about 4,000 in the state militia, and with the force now in the field it would take six weeks to secure all of them one week's service at that ratio, and this is the plan to be followed. Besides the service the militia will be rendering to the state, by discipline and actual experience will be worth to the men all the trouble and inconvenience they may encounter in a military point of view, being considered by some much more practical than the routine and equipments. By this rotation the men will be absent from their business and employments only one week in six, and would, if the occasion lasts, give them all a real taste of real military life.

The Mascot To-Night.

The celebrated Bennett & Moulton Ideal Opera troupe of 30 artists has arrived, and will begin a week's engagement to-night with "Le Mascoite," with Miss Bonice as Bettina. The company comes highly recommended. Prices—20 and 30 cents. To-morrow night "The Mikado" will be given. Said the Bloomington Bulletin:

Having seen "The Mikado," the report or can say, without exaggeration, that the company rivals any other popular price show in the land. If any one could be called the star, it was Mr. E. P. Smith, who played the part of Ko-Ko; however, the roles of Foot-Bell, Yum-Yum, Piff, Sing and Peep-Boo were excellently performed. This company will be in town all week, and every one, rich and poor, who takes pleasure in the footlights, should not fail to see their so-called notes of sweet voices, and to see the many comical faces of strength and grace which tend to dissipate sorrow and give pleasure to one's labors.

The Uniform Degree Staff of Odd Fellows will leave on Sunday next on a special train for Cairo to attend the anniversary celebration and take part in a big parade.

### A Fire at Midnight.

The home of Frank Gring, a one-story frame dwelling, is in ashes. It was located on the south side of the Springfield road, below the entrance to Oakland Park, and west of the St. Louis branch of the Washburn railway, and was destroyed by fire soon after 12 o'clock last night. The fire was discovered by the engineer and fireman of the Chicago express train from St. Louis, and the train slackened up to let the fireman get off to wake up the family. The fireman then walked to the depot. All of the contents of the house were saved, but the dwelling was consumed. Mr. Gring cannot explain how the house caught fire. Some think it was of incendiary origin. Mr. Gring has been sick for some weeks. The dwelling was worth \$600 to \$800, and was insured with Randolph & Gher in the "Niagara" for \$300; personal property \$100 in same company.

### Assaulted a Woman.

There was a little racket in the kitchen department at the New Denning Hotel this forenoon that will be ventilated in Justice Curtis' court. Charley, the cook, so far forgot himself as to make an assault on Mary Farrell, a woman forty years of age. Mary says she was sitting on a box in the kitchen when Charley came in and without cause threw a cup of water on her; she then hurled a can at him, when Charley came up and knocked her down. A warrant is out for the arrest of the cook.

### The City Election.

It will occur in Deatur to-morrow, the polls opening at 8 a. m. and closing at 7 p. m. Voting places—First Ward, Neptune Hose House; second ward—Council Rooms; third ward—Caldwell's livery stable; fourth ward—County Clerk's office; fifth ward—Eldorado Hose House. Only aldermen are to be voted for. Possibly several new candidates will be out to-morrow.

### PERSONAL MENTION.

Charley Logan is in St. Louis, receiving \$5 a day in the L. & N. yard.

Geo. W. Richardson, of Natick, worshipped in Deatur on the Sabbath.

Farmer Roe Boynton, of Farmer City, was in the city to-day.

Capt. J. M. Taylor and Rev. D. L. McCabe, both of Taylorville, were in the city over Sunday.

Mrs. J. S. T. Ferguson is improving in her condition. She is now able to sit up and handle herself somewhat.

Harvey Shockey, bearing a box on his shoulders, came home with the Guards yesterday.

Harry C. Caldwell, the Governor's Secretary, spent Sunday at home. He was at the armory with the crowd to welcome home Capt. Wells and the Guards.

Miss Castle, the actress, fainted at the close of the sword combat scene Saturday night, and the "French Spy" was brought to a close soon after. Miss Castle had been ill all week.

### At Rest.

The funeral of the late Mrs. Edward B. Krone took place Sunday afternoon from Stapp's Chapel. The audience room was completely filled by members of the church and sympathizing friends. The services were deeply impressive, and were conducted by Rev. George Stevens, the pastor, assisted by Rev. Robert Hiner, of Kentucky. Music was furnished by Mrs. J. P. Boyd, Miss Ruth Hammer, Will Shellabarger and Sherman McClelland; S. M. Lutz, organist. There was a generous display of beautiful floral offerings. The remains were interred in Greenwood cemetery, in the presence of a large assembly of friends, who heard the last words of promise and hope expressed by the clergyman. The pallbearers were Morgan English, Oscar Lyter, Will Hubbard, Will Werner, Rufus Braden and Sol Bay.

### First Ward.

K Harwood has yielded to the wishes of a large number of voters in the first ward, and to-day announces as a candidate for alderman. Mr. Harwood has served in the council several terms, and was always a good and efficient alderman. He would do equally as well if elected another term.

E. J. Loomis, who lives four miles northwest of Deatur, met with a serious accident. A colt fell on his leg and sprained his knee very badly. This was nearly three weeks ago. He is still confined to his bed and suffers much pain. To-day a physician was again called out to give him a more thorough examination.

### Second Ward.

Mr. J. W. Bntman, who so long represented the fourth ward in the city council, is now a resident and property owner in the second, and in response to the solicitations of his many friends has consented to again make the race for a seat in that body. He was a reliable and active man while in the council, and would be equally so if re-elected.

### THE OLD PASTOR'S WELCOME.

Two Sermons by Rev. Robert Hiner at the Methodist Church on Sunday.

The Rev. Robert Hiner, of Louisville, Kentucky, where he has been the Methodist presiding elder for 11 years, occupied the pulpit at the First M. E. Church Sunday morning and evening, and at both services the large audience room was filled by attentive congregations. The subject at the morning hour was the 14th, 15th and 16th verses of the 4th chapter of Romans, when Rev. Hiner spoke for one hour and thirty minutes. At night the text was the 16th to 18th verses of the 16th chapter of Matthew, the clergyman speaking for one hour and ten minutes.

Both sermons were thoughtful and scholarly efforts, and commanded the closest attention. Rev. Hiner was the pastor of the Deatur church 21 years ago. He is a man of fine appearance, and has a fine voice and excellent delivery.

The personal greetings of the visiting clergyman during his stay in Deatur have been of a cordial character, and it will be with reluctance that he will leave for home to-morrow.

PROF. BLACK will remain in Deatur another week, preaching at the Christian church. He had two big congregations on Sunday, and one confession at the morning service. He will deliver an Easter address next Sabbath at the opera house, when the Knights Templar will attend in a body.

On Sunday morning the Rev. Ezra B. Newcomb, of Fort Dodge, Iowa, occupied the pulpit at the Presbyterian church. His subject was "The Unsearchable Riches of Christ," and was well handled. Rev. N. is a young man, a brother of Mrs. Hiram Cole, and is in charge of a church at Ft. Dodge, Presley occupied the pulpit at the evening service.

Gave Up \$1,000.

Rev. Thomas Harrison recently sent \$1,000 to Bishop Taylor for missionary work in Africa. Thus it will be seen that the "boy preacher" does not hoard up his money, but does his part toward extending missionary work abroad, while at home he accomplishes more good than all the Sam Jones in the land put together. He will close his work at Springfield to-night.

Lotteries in Churches Unlawful.

The Charleston Plaindealer says: "Judge Hughes did not forget to instruct the grand jury that a lottery was none the less unlawful because it was carried on at a church festival. This is well. The idea of getting money or other valuables without giving an equivalent is demoralizing, and it is useless to cry out, 'Justly, when some great wrong is committed, so long as wrong doing is winked at in the beginning.'"
